

UNITED BANK & TRUST MARSHALLTOWN, IOWA

Location: Marshalltown, IA

End Date: February 3, 2003

Project Size: 5,800 SF

Budget: \$753,000

Project Description:

This 5,800 square foot building is home to a locally owned and operated bank. As a new presence in town, the bank wanted to convey a sense of stability and commitment to the Marshalltown, Iowa community.

The central lobby space is flanked by offices and support spaces and has high ceilings to make the area feel wide open and inviting. The brick used on the exterior is brought into the interior to compliment the dark walnut woodwork used throughout. Three drive-up lanes, which includes an ATM location, have been provided.

The project was completed ahead of schedule.
